

Subject Index to Volume 2—1980

- Anesthetic gas(es), hazard in dental workplace, 5:18
 Apatite, dense, implants to retain alveolar ridge in prosthetic dentistry, 4:23
- Behavior modification
 peer leadership in children's dental health program, 1:18
 reward in children's dental health program, 4:7
- Book excerpt
 Bacteriology of dental decay and periodontal disease, 3:18
- Book reviews, 1:31, 6:25
- Carbamide peroxide, in plaque prevention, 1:13
- Caries prevention
 see also Cariogenesis; Fluorides
 diet behavior modification in children, 4:7
 fluorides, in dentifrice, 1:22; 2:13
 mouth rinse, fluoride, 2:13
- Cariogenesis
 see also Caries prevention
 bacteriology of, 3:18
 radiation induced, management of, 5:5
- Case in point
 Endodontic endosseous implant, technique for retaining a failing fixed bridge, 6:18
 Ill effects of refusing diagnostic x-rays, 3:16
 Lichenoid drug reaction due to methyldopa therapy, 4:18
 Pin retained amalgam crowns, 2:18
 Provisional temporization with acid-etch resin technique, 3:14
 Unnecessary tooth and bone loss due to disruption of treatment, 4:16
- Clinical Update
 Basic principles of drug action, 2:31
 Clinical relevance of pharmacokinetics, 3:26
 Nervous system in the dental chair, 5:26
 Oxygenating agents, 6:21
- Cranio-mandibular dysfunction, diagnosis and treatment, 2:20
- Crown(s), amalgam, pin retained, 2:18
 (Letter to the Editor), 4:30
- Dental floss
 mechanical vs. hand-held, patient acceptance, 3:10
 plaque prevention, 3:7
 proximal surface cleaning, 3:7
- Dental professionals, health behavior, 6:5
- Dental students, women, minorities vs caucasian, perceptions, 5:10
- Dental workplace hazards,
 hepatitis B, 6:9
 occupational, 5:18
- Dentifrice, sodium bicarbonate, experimental (Letter to the Editor), 1:8
- Denture, partial
 failing fixed bridge, endodontic endosseous implant to retain, 6:18
 fixed, temporary, acid-etch resin reinforced, 3:14
- Diet
 behavior modification in children's dental health program, 4:7
 heart-saving eating pattern, 1:9
 ischemic heart disease, nutrition in, 1:9
- Drug action
 autonomic nervous system, 5:26
 basic principles, 2:31
 methyldopa, reaction to 4:18
 oxygenating agents, 6:21
 pharmacokinetics (absorption, distribution, metabolism), 3:26
- Dysfunction, craniomandibular, head and neck symptoms, recognition of, 2:20
- Edentulous patient, psychological problems, 2:9
- Editorial, 1:8, 2:8
- Extraction(s), multiple, in hemophilia patients, 4:21
- Facial form
 impact on social interaction, 4:10
 orthodontic concern for form as well as function, 2:27
- Fluoride(s), topical
 dentifrice
 sodium monofluorophosphate, 2:13
 stannous fluoride/gel, 1:22
 mouth rinse, self-administered, 2:13
 sodium monofluoride dentifrice, 2:13
 stannous fluoride/gel dentifrice, 1:22
- Heart disease, ischemic, nutrition habits, alteration of, 1:9
- Hemophilia, extraction procedure, 4:21
- Hepatitis
 hazard in dental workplace, 5:18; 6:9
 sterilizing, disinfecting dental operator, 6:9
- Herpes simplex (type 1), hazard in dental workplace, 5:18
- Implant
 apatite, dense, to retain alveolar ridge in prosthetic dentistry, 4:23
 endosseous, endodontic, to retain failing fixed bridge, 6:18
- Letter to the Editor
 experimental sodium bicarbonate dentifrice, 1:8
 peer leadership in children's dental health program, 4:30
 pin retained amalgam crowns, 4:30
- Linea alba, cytology of, 5:21
- Mercury, hazard in dental workplace, 5:18
- Methyldopa, lichenoid oral lesions following use for hypertension, 4:18
- Mouth rinses
 in caries prevention, 2:13
 in plaque prevention, 1:13
- Nervous system, autonomic, 5:26
- Nutrition *see* Diet
- Oral reaction(s)
 dental breakdown following radiation therapy for head and neck cancer, 5:5
 lichenoid lesions following methyldopa for hypertension, 4:18
- Orthodontia
 bracket retention, 6:15
 effect on form as well as function, 2:27
 impact of craniofacial appearance on social interaction, 4:10

- Orthodontic brackets, bonding of, 6:15
 Osteoradionecrosis, dental management of radiation therapy side effects, 5:5
 Oxygenating agent(s)
 carbamide peroxide, 1:13
 clinical review, 6:21
 oral hygiene adjunct, 1:13
 plaque prevention, 1:13
 Peer leadership, children's dental health behavior modification, 1:18
 (Letter to the Editor), 4:30
 Periodontal disease, bacteriology of, 3:18
 Plaque prevention
 antibacterial mouth rinse, 1:13
 dental floss, 3:7
 Preventive dentistry teaching methods, *see* Teaching methods, patient instruction
 Product news, 1:28, 3:30, 5:30, 6:26
 Prosthetic dentistry
 apatite, dense, implants in retention of alveolar ridge, 4:23
 partial denture, temporary fixation with acid-etch resin, 3:14
 Psychological problems
 see also Orthodontia
 disruption of treatment, 4:16
 endentulous patient, 2:9
 Radiation therapy, dental side effect management, 5:5
 Sexually transmitted diseases, hazard in dental workplace, 5:18
 Stomatitis, oral, dental management of radiation therapy side effects, 5:5
 Teaching methods, patient instruction
 diet behavior modification in children, 4:7
 peer leadership among children, 1:18
 Tuberculosis, hazard in dental workplace, 5:18
 Women, dental students, minority vs caucasian, 5:10
 Xerostomia, dental management of radiation therapy side effects, 5:5
 X-ray
 see also Radiation therapy
 diagnostic, ill effects of refusing, 3:16
 side effects of radiation therapy for head and neck cancer, 5:5
